If never, what would interest you to use the library?

- Maybe more niche groups, like lord of the rings book club, or lgbtq groups both fun and support style, especially for teens
- My family is COVID-conscious, and we hesitate to use the library without assurances that the air is well-ventilated and a majority of people wear well-fitting masks. It's the heartbreaking reality that COVID, and the other respiratory illnesses that it's made worse, is such barrier, but we cannot afford to tasks risks with this disease. For this reason we have not made as much use of the library as we'd like.
- Events/programs for adults
- It's a beautiful setting... lots of history.
- More community events-puzzle contests, etc.
- Horoscope Rainbow Reading

Comments on library services:

- mostly to donate books
- It wouldn't let me check more than one item. I borrow books mostly but have also used copy services and inter library. I did not know about all of the services and will use more in future
- I use several services but the survey will only except one choice. will not let me check more than 1-all but the digital I love the services and programs provided by the PML. Excellent staff and wonderful leadership.
- I tried to check several services but couldn't figure out how.
- Survey will not allow you to chose more than one answer
- Staff is wonderful...very supportive, helpful and pleasant. Love the quality and diversity of programming.
- Its fabulous!
- We love and appreciate all library services
- Great library Ah. You've fixed this portion of the survey. You already have my responses to the rest of the questions . "I wasn't sure but it felt a bit unwelcome / awkward. I would love to be able to use the space more-"
- I have used PML for so much- it was a godsend when I needed to learn about the area after moving, and the programming is AMAZING. From the support for seniors, teens, and creatives, to activities that are just fun, PML is the best.
- Love the open houses!
- staff always pleasant
- Great library
- I enjoy this library
- I feel deeply grateful for the people who work at the library and for the programs offered. For me, it is the only way I am connected with people in the community. I wish I could attend more programs than I do.

Comments on your library experience:

- Very enjoyable. I appreciate all of your hard work! Librarian is super helpful!
- Very minimal
- Very positive. Pleasant, comfortable atmosphere. Diversity of programming for all ages that bring people together.
- friendly staff, great selection, comfortable atmosphere our library is amazing with opportunities for all
- We always have a lovely experience at the library
- Some gossipy inner circle discrimination feel- I do not know what has been written online about my own experiences / I get discouraged trying to participate in community events.
- Always clean, quiet and welcoming. Staff are always kind, helpful and knowledgeable. Our library is a wonderful asset for our residents. I have not been in the library since Isabel left. No reason. I just do not want to get involved in the politics. You are trying too hard. The library should be there for the towns people when and if they want it. Post the hours when you are open and that is when we will come if we chose. No politics.
- The patio has made outside events more enjoyable.
- I walk in, return books, find the ones I came for, sign them out and leave. I don't know a thing about any other areas, including outside. I put 5s, but only because there wasn't a "do not use" choice.
- I give them five stars
- I've never attended outside events Sometimes in winter it is a little cool the community room
- Everyone is very kind and helpful. Library is well-kept and staff is always accommodating and helpful The front doors are heavy
- Handicap access ramp is not smooth or even- often icy.
- We love the library and the librarians. We love the craft classes when we are able to attend.
- "Wish the Library was open a little more often - [Minor Suggestion - Typeface on the Check-out print- Out is so small that it's kind of difficult to see date due -"
- Educational!

Do the hours of operation meet your needs?

Yes No
75 (82.4%) 5 (5.5%)

If **no**, how can the library hours better serve you?

- i plan my visits around your hours

- I'm not suggesting the PML change their hours; I can certainly work within their hours of operation, but the hours are a bit erratic. More than once I've gone there only to find it closed, but that's on me, as their hours are clearly posted on the website. The onus is on me to memorize them.
- I would appreciate more hours of service
- They are adequate, given the size of the town and the budget. I'm retired so I can easily work around them.
- wish open later - work ends at 6pm for me
- "Privacy and being kinder about gossip. Maybe a more accepting demeanor when dealing with people like myself."
- As a customer I adjust my hours to when you are open. You might be more concerned with the Children with use the library. Make it open to their needs.
- I need to keep the hours posted
- I wish the library was open on Fridays
- would like it to be open more more evening hours would be lovely
- I wish you were open on Fridays

Comments on library communication:

- emails are perfect
- Your email updates are great
- I dig the weekly email updates; very informative and helpful.
- The talking sign out front
- Love the weekly email updates Your emails are great.
- Prompt and helpful
- I find it to be extremely accessible for finding out what is happening at PML
- Excellent reach out to all
- The weekly email updates are a wonderful addition for keeping in touch -- since it is in my in box, I don't have to go hunting for website or remind myself to do so (and hope I remember to do so when I'm back online). The email is concise, easy to read -- perfect way to get a quick overview of what's going on.
- The sign out front of the library is usually where I learn about events.

Comments on Remote Work space:

- Haven't used.
- Extremely accessible
- There's so much available! Charging stations, free wifi, the ability to print....A+++!
- The library offers lovely nooks to write and usually it's quiet. I find the lighting in the older part of the library a little dark for me -- but that is no doubt my eyes and aging. Also, accessing wifi in parking lot is wonderful when the power goes out at home. I've sat in that parking lot with other Alfred-ites, all doing the same thing during outages! It does provide a useful emergency service (or, for those without access to home wifi).
- I did not use the Remote Work space
- after hours

Times set aside for older adults to enjoy the library- perhaps adult only hours or a few hours set aside for adult only silent reading gathering for community.
More new books each month

Comments on future library services:

- more DVDS and current ones too
- i think its the best library in the area.
- Would like to see free craft activities for adults. ie. Making bird feeders, making mosaic bird baths, making Christmas ornament, having volunteer Christmas Carol ers!
- These are all wonderful ideas!
- I'm in computer science so I'm biased! Most of these options sound very good to me.
- "My experience was not positive- I am not sure what the problem was-"
- Absolutely awesome suggestions
- "I look at the Library as a permanent building in town where I can borrow books or visit the stacks when I need. It is always there for the townspeople as is the Town Hall. I do not need programs or people to deliver. I do not want the library to ""tailor"" its collections and services. I want it to be there when I want a Book or to order a book from the state. If you have special programs that is nice and those who want to attend can do so. I do not want my library to ""Tailor its collection & services"". I want current books and history books. A special program once in a while is nice but not the end all or be all. Good luck!!!"
- The library of things is such a wonderful resource. Would love to see that expanded. I love the idea of reading assistance/tutoring -- maybe partnering with Literacy Volunteers?
- Yoto cards for kids!
- Video games
- Expanded Liason w/ massabeisic H.S.

In an effort to tailor our collection and services to the needs and wishes of the community, we would like to learn something about you.

Comments on the library collection and your interests:

- I wish the library had more selections. I am so happy we have the interlibrary system where I can get books not at Parsons, but sometimes it takes so long to get to Parsons from other libraries.
- Amazing collection. Always easy to find what I am interested in
- I have found what I'm looking for at PML and been introduced to new genres. I appreciate that I can typically find what I want here and when I can't
- I can use interlibrary loan. Great collection of books, etc.; something for everyone...all ages
- I get most of my pleasure reading from the library. Work related reading (research, university press-books) I use my employer's academic library.

- Alfred's a small town. A small library is appropriate. There's no need to do big because with interlibrary loan, there isn't much that a person couldn't get their hands on from someplace.
- I find the library's book collection very limited but understandably given the size of the town and resources. I have been mostly happy with the options offered through interlibrary loan.
- I'd love to see a section of some current magazines with high quality and trustworthy writing on various topics such as politics, science, literature, culture & maybe newspapers (e.g. The Atlantic, Harpers, New York Times Book Review, NY Review of Books)
- Would like to see more biographies, health books, more magazines.
- I wish there was more self care books for children and adults. In the last five years, I had to purchase these books because the local library doesn't have any.
- Nice Collection & especially the Maine Collection
- It would be great if you could get the complete Elliott Roosevelt Mystery series of books (the ones that have Eleanor Roosevelt as the main character)

Comments on library programs:

- outstanding for a small library
- love my book club and public talks
- great job
- I can't attend many existing programs even though I'm interested in them. I've been very excited by the expanding options being offered!
- I enjoy the open studio very much and look forward to the 3 hours of time to focus on my projects!
- Not a participant

- I like the swaps -- not so much to obtain items, but to pass items along where they will be used rather than take up space in my or (late) parent's home. I'd also love to see more local/Maine authors speak -- especially those who publish with small presses (or self-publish). It's very challenging to get a spot at the bigger Maine venues unless you are published by a big NY press. And Maine has some wonderful small press authors. Perhaps combine a reading/talk with a "how I published" workshop. Many paths to being an author!
- All of the programs I've been to have been terrific. Loved terrariums, Bruce Tucker, book vases, Marpheen Chan, and the picnic!
- for music, learn to play; I'd like to see a writer's group for kids; a homeschool group would be helpful (activities, lessons)
- As an aside, I have a PhD in computer science and specialized in artificial intelligence. I'm also a consultant with the Maine Technology Institute's MERC program. Since AI is all over the news these days, if anyone were interested I'd be happy to be a guest speaker
- could consider a garden seed swap
- Although my children are adults now, I love how many family and children activities you provide! Much appreciated!
- Love the PML programs; keep it up, please!

Are there other ways PML can be of service to the community?

- As a mother of an lgbtq teen I wish there was a place he could go to meet other teens in his community and play games or just hang

- i am hoping all feel welcome there. people need more interaction. we have enough social media i hope the young teenager feels welcome enough to just hang out in a safe place. libraries are becoming more than just a spot to grab a book and go.
- Continue to be available to the community and offer services more than just borrowing books
- keep offering programs to all ages and interests
- More partnerships with local groups (I think the town could more frequently have committees work together/have dual events to draw in a wider range of people)
- Support people who aren't a threat- but have been dismissed for not having enough support
- Like the delivery of materials to home bound people
- By being open, friendly and a resource for the community!!
- keep being awesome
- Love that you're doing home delivery!
- Keep doing what you are doing... Great staff!!
- All the programs suggested are great!
- We enjoy classes on how to use our phones and computers
- I would rather ask for ways that I can be of service to the library. The library IS the community
- keep up the good work!
